Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC.

I am NOT, however, congratulating you on your idea for a flat tax change. I am OPPOSED to this. If our government is truly going to cut taxes, there should NOT be a change in this tax. Please stop all the back door tax increases, while touting tax reductions at the front door, so to speak.

Under the flat fee or numbers-based plan you are considering, people like me who make few long distance calls would pay the same as people or businesses that make many calls. I believe it would be unfair to charge low-volume and residential customers the same fees as high-volume residential or business customers.

I appreciate your attention to this matter. Allow me to conclude by urging you to keep the USF fair, and adopt the Fair Share Plan. Thank you, and best of luck in your new position.

Sincerely, Jodi Pecoraro cc: Marlene Dortch, Secretary
